

Assistant, Associate, Professor in Mathematics

Pontificia Universidad Javeriana

Department of Mathematics

Bogotá Colombia

Posting Number 20004

Job Description

The Department of Mathematics, in the Science Faculty at the Pontificia Universidad Javeriana, invites applications from highly qualified individuals for a tenure-track position at the Assistant or Associate Professor rank with research interests in pure or applied mathematics.

Applicants must have excellent communication skills (Spanish and English), and hold a PhD in Mathematics or a closely related discipline with relevant experience, potential or proven ability for excellence in teaching and research. Duties will include teaching of undergraduate and graduate courses, holding office hours, assigning grades, advising students, preparing course materials (e.g. syllabus), maintaining a course website, supervising graduate student research, undertaking an active research program.

Applicants should send their full curriculum vitae, a concise research and teaching vision statement, and the three letter reference to Jesús Fernando Novoa-Ramírez, Chair Department of Mathematics, fernando.novoa@javeriana.edu.co

Applications will be accepted until October 28, 2017, with an anticipated start date of January 15, 2018. The monthly salary range for this position is \$6.700.000 COP to \$7.700.000 COP (Colombian pesos, 1 USD=3000 COP). Some extra salary benefits also apply for this position.
